- **Golfers present**

Good evening,

- I am truly honored to stand before you this evening as we wrap up what has been a good day of golfing and networking at the Nandi Bears Club. Before I proceed, I would like to take a moment to acknowledge and introduce my incredible team from the Branch who are here with us today. They are the backbone of our operations and the driving force to enable us to serve you better in this region. To all my team members in the house, kindly just stand so we can see you. Thank you!
- As we all know, the 2025 NCBA Golf Series teed off last week at the VetLab Sports Club and we are privileged to host the second event in the series at this historic club just a week later.
- On behalf of NCBA, I would like to thank the management and the Nandi Bears Club at large for allowing us to be here today, and a special thank you to each and everyone of you for showing up today. The course has been in good shape today and I am sure the golfers enjoyed every bit of it.

Ladies and gentlemen,

- This year we have taken it a notch higher in matters of golf by getting into a partnership with the Professional Golfers of Kenya as a way of completing the cycle, while at the same time extending our involvement with the Kenya Amateur Golf Championship (KAGC) and the Junior Golf Foundation (JGF).
- It is our belief that these partnerships will come in handy this year at all levels, seeking to cater for the needs of the junior golfers, the amateurs, and the

professional golfers as well. We believe that golf is not just a sport but an avenue to bring people together, build strong communities and grow in life as we grow in the sport. It is more than a sport. For most of you, it is a way of life, and we are humbled that you have allowed us to be in this space.

Ladies and gentlemen,

- As your trusted financial partner, we provide innovative solutions that meet your needs. If you're looking to acquire farm machinery, a vehicle, or equipment for your business, our asset finance solutions are designed to make your dreams a reality with flexible repayment terms and very friendly rates.
- We know that owning a home is a dream for many, and at NCBA, we make that dream achievable. Our mortgage products are tailored to suit your unique needs, offering you the keys to your dream home. In addition, we offer a suite of business banking solutions to help you grow and scale your ventures.
- Just to reiterate what the GMD, Mr. John Gachora, said during the first event last week, there will be countless opportunities to play, compete, and celebrate the game we all love this year with 159 events planned across East Africa.
- As I conclude, let's put our hands together for the winners today. Congratulations on emerging victorious and to everyone else for making time to be here today. Enjoy the rest of your evening.

-Ends-
